MISSIONS GIVING

This past year of 2023, the Grace Bible Baptist Church of Nakuru, Kenya, gave **5,250,854** Kenyan Shillings to missions. This is an equivalence of **\$34,319**. This money was entirely given through the effort of the church and does not include any money from other churches that partner in our missions program. This was by far the best missions giving year the church has ever had in spite of a very difficult economy, people losing their jobs, high inflation and a great struggle just to put food on the table. The church remained faithful to its purpose. Wendy and I are truly blessed to work side by side with a group of people who have made the heartbeat of God their heartbeat. The future of the church is bright and we look forward to seeing what God will continue to do through them.

FURLOUGH

The work here in Kenya and the Regions Beyond continues to grow and mature. Our responsibility, especially in training, takes more of our time and effort. Besides Nakuru, we work in many areas of Kenya, Burundi, the Democratic Republic of Congo, and on the border of South Sudan among the refugees. We have established training centers in each of these areas with a combined attendance of over 300. We are seeing that much of our time is now being used to train and help those as they are ready to start churches where they can be the pastor from day one. Our last furlough was a bit unique in that we arrived in the States the day before Covid and the shutting of everything down which did not allow us to visit many churches. We desire to try and visit all of our supporting churches and give a personal update on what God has done and share with you the direction He is now leading in our ministry.

FURLOUGH DATES
JUNE 2024 to.....?????
